Class Action Services

"I have been extremely pleased with the service BMC Group Class Action Services has provided. I have been a consumer of these kinds of services for years and have used a number of different vendors - all the "big" names. I have found most of them to be wildly inaccurate in their bid pricing as well as inconsistent with their customer service. While BMC Group Class Action Services may not be the largest, in my experience, it certainly is the best."

Unrivaled Notice and Settlement Administration

BMC Group is a world-class leader in information management with nearly four decades of combined team experience administering mass tort and class action settlements. We provide focused, effective information management services that control expenses and reduce the time from settlement to distribution. The team has assisted clients with administration of settlements involving billions of dollars and hundreds of millions of class members.

Advanced Technology and Controls

Our technology and systems are thoroughly audited to meet the highest standards of accuracy, integrity, and confidentiality. The BMC Group data center is accredited under the Federal Information Security Management Act (FISMA) and undergoes annual SAS 70 audits to demonstrate readiness under regulatory statutes including Sarbanes-Oxley, the Gramm-Leach-Bliley Act, and HIPAA. Federal agencies and leading industry professionals trust us to manage their most critical communications and confidential data.

Delivering technology, innovation and expertise globally

Global Resources and Expertise

BMC Group has unparalleled global resources. We can conveniently scan claims from any of our worldwide locations, process them in Minneapolis, and mail checks from Los Angeles. Our team anticipates problems before they occur and prevent the random occurrence from delaying settlement approval.

Long-Term Success

BMC Group's success is based on our unsurpassed service and steadfast dedication. Our team provides expert opinions on the structure of settlements and due diligence in ensuring that class members receive plain language information for litigation and claims. BMC Group delivers superior technology and a collaborative approach to settlement administration that provides unmatched value and allows class members to receive their benefits faster.

The Best People. The Best Technology

Our unsurpassed service and steadfast dedication to our clients' needs deliver a timely, accurate, and cost-effective settlement process.

The Best Solution

BMC Group's dedicated professionals, global network of offices, and industry leading technologies allow us to assign the appropriate resources, meet the tightest of deadlines, and control administration expenses. We get the job done effectively and efficiently.
