- Price forecasts for the year ahead
- Supply/demand data, analysis and trade balances
- Global trade flow activities and volumes

Fertilizer pricing and market insight reports from ICIS

Commodity-specific pricing reports – give regional price assessments and commentary on market drivers

China-focused fertilizer reports – provide detailed information on the Chinese markets including updates on government legislation

The Market – covers all key fertilizer commodities in one report. It gives price assessments, information on trades, deals, market news and analysis of short-term trends

The Outlook – a monthly publication that provides in-depth information for urea, ammonia and MAP/DAP. It reports on key developments, trade activities, supply/demand balances and gives rolling price forecasts for the year ahead

Sulphuric Acid Weekly and World Monthly Review – covers global sulphur, sulphuric acid, base metals and phosphate industries including trade statistics, prices, supply, demand, and plant & project news

North America Sulphur Review – a monthly publication on the sulphur markets within Canada and the United States. In addition, this service includes a consultancy service which is customised to fit each client's needs

Fertilizers Prices | News | Analysis

ICIS dashboard

View pricing and market intelligence for fertilizers in a single screen

Use the fertilizers dashboard to access:

- Breaking news and market updates, including comprehensive coverage on China markets
- Insights into global trade activities and supply/demand data
- Price assessments and short-term price forecasts
- Price histories

Greater Visibility and Flexibility

Set your preferences to filter your fertilizers reports and dynamically generate price history data in a chart format.

Fertilizers Reports

Click through to view your ICIS fertilizer pricing and market insight reports, such as The Market and The Outlook, without leaving the dashboard screen.

Quotation Preferences

Select the ICIS price assessments you want to view. This will also drive the data you see in the price history and market updates boxes.

Date Range Selector

Change the date range, units and currency of the dashboard price history graph.

Price History Analysis

Plot price history for fertilizers and related product quotes in full screen view. Hide and show individual graph lines, zoom in, print or download data in multiple formats, including image export.

Market Update Search

Search related news stories by date and content.

Market Updates

View alerts and read related breaking news stories on your screen.
