

## ISO Claims Partners

has a full suite of products and services that cover the entire life of a workers compensation, liability, or no-fault claim. Our offerings help you meet your obligations under state and federal laws—and reduce claim costs, expedite settlements, and improve efficiency.

### Predictive Analytics

ISO Claims Partners provides insight and consistency to your claims-handling process with products that combine analytics and data derived from millions of claims.

#### **WC Navigator™**

Sophisticated analytics to identify complex and potentially volatile workers compensation cases before they spiral out of control

#### **Liability Navigator™**

An automated system to assess liability, medical severity, and subrogation opportunities on liability claims for consistent outcomes

### Section 111 Reporting

ISO Claims Partners employs the country's largest legal and medical team solely dedicated to Medicare Secondary Payer (MSP) compliance, ensuring a professional attorney and nurse review for every claim. Our Section 111 products and services help you meet obligations under state and federal laws.

#### **MSP Navigator™**

Comprehensive Section 111 reporting tool with integrated conditional payment and Medicare Set-Aside (MSA) guidance

### **MMSEA (Medicare, Medicaid, and SCHIP Extension Act) Section 111 Compliance Audit**

A review of your Section 111 reporting process to help you avoid penalties, improve workflow, and reduce loss costs

#### **Service Pack**

A unique set of solutions and ongoing Section 111 reporting oversight by one of our dedicated experts to ensure holistic compliance with the MSP statute

### Conditional Payment

ISO Claims Partners takes a unique approach to handling conditional payments—an approach unparalleled in service, precision, and value. We offer a holistic view of all aspects of MSP compliance and always consider a “whole claim” approach.

#### **Ad Hoc Services**

Investigation, consultation, and compliance services to help you challenge and reduce Medicare's demands for reimbursement of conditional payment claims

#### **CP Link**

The most cost-effective and streamlined way to handle Medicare conditional payments by integrating Section 111 reporting and automating the conditional payment compliance process

## Treasury Program

Experienced team of conditional payment experts working with you to take the necessary steps to avoid U.S. Treasury Department collections, providing claims resolution and searches to discover any other problematic claims

## Medicare Advantage Plan Services

Services to help you navigate and mitigate the complex world of Medicare Advantage Plans, created to address concerns fueled by recent litigation that has caused insurers to experience an increase in recovery notices from Medicare Advantage Plans; a team of experts to identify and resolve these matters promptly and efficiently

## Medicaid Compliance Services

A resource for investigating and resolving Medicaid liens as part of settlement

## Management

ISO Claims Partners is here to support you throughout the claims settlement process. Our exemplary management services provide you with data-driven claims-handling advice and a level of accessibility and customer focus you can count on.

## Protocol Design Service

Assistance with designing your own procedures for complying with Section 111 reporting, conditional payments, and MSA requirements

## Settlement Consultation Services

A consultative approach to arrive at settlements quickly and cost-effectively

## Allocation Services

ISO Claims Partners is here to help you make the proper MSA allocations. Our team of expert nurses will help you prepare a forecast of reasonable and likely future medical costs. But more than just a vehicle for compliance, all of our allocation services include insights and proactive recommendations for cost mitigation and faster settlement.

## Medical Cost Projection

A forecast of reasonable and likely future medical costs for an individual claim to help set reserves and proactively plan for settlement

## Medicare Set-Aside (MSA)

A medical and legal approach to help you comply with Medicare requirements regardless of the type and size of your settlement, as well as proactive cost mitigation guidance and strategies to assist in reducing high prescription drug and services costs

## MSA Clinical Review

Analysis and management of the pharmaceutical costs associated with an MSA

## Pre-MSA Plus

An analysis of the potential amount of the MSA for a claim, together with an assessment of the prescription medications involved, to help you determine if settlement of the case is feasible and proactively addresses the cost drivers

## Non-Submit Allocation

A plan to ensure compliance, control costs, and cover future medical costs when a beneficiary receives a settlement that does not meet MSA review guidelines

## Legal Zero

Services based on legal advocacy that help you reduce the cost of MSAs to zero dollars in appropriate cases and that can yield tremendous savings where unnecessary funds would have been allocated in a traditional MSA

## ISO Claims Partners

Improving claims outcomes for workers compensation, first-party no-fault, and liability claims
