## Find a Person Report

### Search by Social Security Number

In order to search for a current address and phone number using a Social Security Number:

1. Enter the full Social Security Numbers in the SSN field (hyphens optional).
2. Click on Search.
3. Name, address, and telephone numbers will display with the most probable current address at the top.

### Search by Name

In order to search for a current address and phone number using a name without entering a SSN (specific to individuals with a thin credit file, recently naturalized citizens or Juniors/Seniors):

- Enter the First and Last Name.
- Include the City and State for common names.
- If too many records are returned, refine the search by adding additional information.
- Search an address range using a colon or comma (e.g. 1200:1250 Main Street, Anytown, USA.)
- Narrow down search by Date of Birth or Age Range.
- Use additional information: Other Last Name, Other City or State, or Relative First Name.
