

# Sage Fixed Assets

## Sage Fixed Assets Canadian Edition - Depreciation

Designed for those that want to manage their fixed assets, and not have their fixed assets manage them, Sage Fixed Assets Canadian Edition - Depreciation offers a comprehensive solution to meet the unique requirements of any business.

Providing you with the flexibility you need to meet your specific requirements, Sage Fixed Assets Canadian Edition - Depreciation is a comprehensive solution that provides advanced fixed asset accounting and reporting features for businesses needing effective decision-making tools in integrated accounting environments. It offers a comprehensive depreciation calculation engine and generates Schedule 8 Capital Cost Allowances for your T2 Corporation Income Tax Return.

The Sage Fixed Assets Canadian Edition - Depreciation family provides easy-to-use fixed asset accounting, depreciation, and reporting features for companies needing effective decision-making tools to ensure compliance with government requirements. Sage Fixed Assets Canadian Edition - Depreciation enables you to manage the entire fixed asset lifecycles of all of your assets, from acquisition to transfers and disposals, and maintain reliable, relevant, useful data.

Offering 16 ready-to-use fixed asset reports for year-end financial statements, and easy-to-use reporting tools for creating custom reports, Sage Fixed Assets Canadian Edition - Depreciation enables you to obtain the information you need quickly and accurately.

As the industry leader in asset accounting software, Sage develops innovative products, provides certified support, and is dedicated to surpassing your expectations in all aspects of our business. For more information about Sage Fixed Assets Canadian Edition - Depreciation, please call us toll-free at 866-368-2405 or visit us online at [www.SageFixedAssets.com](http://www.SageFixedAssets.com) and we will facilitate your fixed asset management.

Asset List allows you to see information about multiple assets at one time

### BENEFITS:

#### SIMPLE MIGRATION

With the import/export wizard, you can easily import your existing data into the Sage Fixed Assets Canadian Edition - Lite Depreciation database, integrate with your General Ledger solution, and be up and running in no time at all.

#### COMPREHENSIVE TRACKING

Sage Fixed Assets Canadian Edition - Lite Depreciation provides an all-inclusive solution for recording all of the data for each asset, including a notes field with a time and date stamp for recording transactions involving the asset, and the ability to attach photos and documents. By attaching the unique identification information of each asset, you can rest assured that you will eliminate duplication in asset reporting and facilitate clean audits.

#### FLEXIBLE CONFIGURATIONS

With the wealth of features offered including customizable data fields, SmartLists that provide predefined drop-down lists for fast and accurate data entry, a "Group Manager" that helps you organize and view only the assets you're interested in, and "Asset Templates" that promote data integrity and accelerate the process of entering new assets, you can customize your Sage Fixed Assets Canadian Edition solution to work the way you want to.

#### SECURE ACCESS

Security profiles can be defined differently for each individual user who has access to the system, ensuring that only those who are allowed to change the data are able to.

## Powerful Reports

The Sage Fixed Assets Canadian Edition - Depreciation family provides the necessary reports for you to track your assets and obtain crucial information for the preparation of your financials.

## Built-in reports

- Depreciation Expense
- Depreciation Adjustment
- Period Close Summary
- Disposal/Partial Disposal
- Disposal Worksheet
- Transfer/Partial Transfer
- Allocation Percentages
