#### Mark Arbeter

##### *Chief Technical Strategist*

Mark Arbeter joined Standard & Poor's MarketScope in 1987. Mark became S&P's chief technical analyst in 1995 and is now S&P's chief technical strategist. He provides technical analysis on the stock market as well as many other markets to MarketScope Advisor, and many other services. Mark has been quoted by publications such as the Wall Street Journal, Investors Business Daily, Bloomberg, TheStreet.com, and MarketWatch.com. He has appeared on CNBC, Bloomberg TV and TV Tokyo.

Mark is a member of S&P's Investment Policy Committee, which sets investment allocation levels for many services. He also manages a stock portfolio (investment ideas) for MarketScope, applying technical analysis to S&P'S STARS recommendations. Mark is a member of the sector strategy group, making recommendations for S&P's sector allocations. He is a Chartered Market Technician (CMT) and serves as the Chairperson for the Market Technician Association's Membership Committee.

Mark holds a Masters in Business Administration from Rider University, with concentrations in Finance and Economics. He received his Bachelors in Business Administration from Temple University, also with concentrations in Finance and Economics.
