

S&P CAPITAL IQ

Learn more about our products and services.

ABSXchange™

A powerful analytics and surveillance tool dedicated to the European ABS community that brings together collateral performance data, offering circulars, servicing statements, cash flow models, portfolio monitoring tools and more across major asset classes.

S&P Capital IQ platform

Delivers fundamental and quantitative research and analytical solutions to investment management firms, investment banks, private equity funds, and more. Our offering includes a Web and Excel®-based research platform, real-time market data, screening tools, backtesting, portfolio management, financial modelling, and quantitative analysis.

Enterprise Data

Provides extensive data solutions, covering credit ratings and research, reference data, cross-reference services, terms and conditions, structured finance, corporate actions and more, across asset classes and markets to help investors meet new analytical, risk management, regulatory and front- to back-office operations requirements.

Equity Research

Provides a single authoritative source of unbiased independent equity analysis and opinion, covering about 1,700 stocks globally. With offerings covering macro-economic research, model portfolios, sector and stock reports, technical and thematic analysis, our research is tailored for wealth managers and is provided bespoke, according to client needs.

Fund Research

A leading source of qualitative fund research offering insight for wealth managers and fund selectors. Our research covers over 1,100 funds across various asset classes including equities, fixed interest, alternative and specialist funds.

Global Credit Portal

A dynamic, Web-based workflow solution that brings together financial intelligence across multiple asset classes and markets, allowing financial professionals to perform efficient credit risk-driven analysis.

Insurance Markets

A one-stop resource for worldwide insurance research and company analysis, financial strength ratings and credit ratings; covering nearly 14,500 active and inactive insurance companies worldwide.

Risk Solutions & Analytics

Risk measurement and analysis solutions including data, products and services to help financial institutions, corporations and public sector entities manage and mitigate credit risk.

Valuations¹

Provides investors with a robust, cross-market approach to assessing risk and value in portfolios, offering independent and transparent valuations of complex illiquid assets and fixed income securities to assist clients with risk mitigation, alpha generation and cost control.
