

CONNECTING EUROPE AND BENIN EVEN BETTER

With our new WAF13 service connecting Europe with Cotonou, you benefit from larger vessels and higher schedule reliability due to less ports in this rotation.

The new WAF13 service

HIGHLIGHTS

- Stability through fixed berthing window arrangement for Maersk vessels into Cotonou Port.
- Reliable and on-time Europe service into Cotonou as our service covers a limited number of stable ports. This minimizes the risk of congestion and reduces the transit time.
- Larger vessels of 4.500 TEU for a reduced likelihood of rollings and improved schedule reliability.
- Ease of doing business through E-Solutions available on my.maerskline.com
- Local sales and customer care expertise in Benin with multilingual specialists ensure you receive a service aligned with your operational needs at destination.
