

# HANDS-ON EDUCATION DRIVES INCREASED CONFIDENCE.

## It starts with best-in-class training, from introductory to advanced.

Learn from expert faculty partners who are leaders in their fields. Join us for a full day of real-world, peer-to-peer electromagnetic navigational bronchoscopy (ENB) training using the ILLUMISITE™ Platform with fluoroscopic navigation technology.

### REQUIREMENTS

- Access to an ILLUMISITE™ Platform or superDimension™ navigation system
- CT scans with recommended CT reconstruction parameters
- Patients identified and ready to be scheduled post-training

### LEARNING OBJECTIVES

#### Virtual Reality Training

- Gain exposure to the ENB procedural workflow

#### Planning Application

- Assess lesion location
- Define nodule size
- Understand the airway-to-nodule relationship
- Create a peripheral target plan

#### Hands-On Training

- Understand CT-to-body divergence
- Acquire images to see how fluoroscopic navigation technology visually enhances nodules and improves accuracy
- Navigate to peripheral targets in a navigation hands-on simulator
- Get an introduction to continuous guidance and biopsy tools

#### Multidisciplinary Collaboration

- Review ENB protocols with radiology, pathology, and anesthesia partners
- Learn the importance of team dynamics, roles, and best practices

#### Best Practice Evaluation

- Observe live cases for real-time learning and better understanding of workflow
- Review cases and discuss clinical trial data

## LOCATIONS AND FACULTY

Exceptional faculty, convenient regional locations, and targeted specialties — choose an Educational Center of Excellence that fits your needs.

To register for this program, scan the QR code or contact your Medtronic Team for more information.

### Froedtert Medical Center | Milwaukee, WI

Dr. Brian Benn, I.P.

Dr. Jonathan Kurman, I.P.

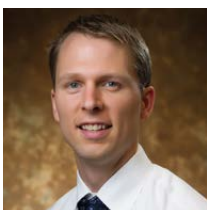

Mike Mindham, RRT

### Rex Medical Center | Raleigh, NC

Dr. Hiren Mehta, I.P.

Dr. William Hall, Pulmonologist

### St. Luke's Medical Center | Kansas City, MO

Dr. Matthew Aboudara, I.P.

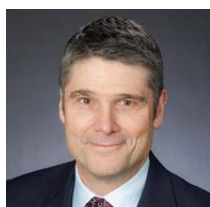

Dr. Timothy Saettele, I.P.

### UC San Diego Health | San Diego, CA

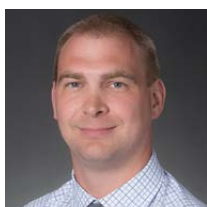

Dr. George Cheng, I.P.

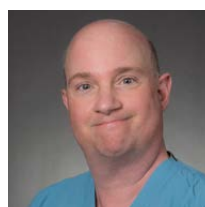

### Virginia Mason Medical Center | Seattle, WA

Dr. Steve Kirtland, I.P.

Dr. Luke Seaburg, I.P.

Scott Cleman, RNC,
