What Is EZShield?

EZShield Check Fraud Protection® helps keep business going while experts help resolve the damage. For pennies per check, guard your checks from unauthorized use including forged signatures, forged endorsements, altered checks for up to **2 years** and **\$25,000**.

- ✓ Forged Signatures
- ✓ Forged Endorsements
- ✓ Altered Checks

What is the difference between High Security and EZShield Fraud Protection?

Though using High Security Check protects you, the features cannot completely eliminate risk. If you are a victim of check fraud, EZShield will be able to help you quickly recover. The combination of High Security Checks and EZShield offers the highest level of security.
