

Health, Safety & Environment *Premium Library*

RedVector offers interactive online safety training courses with engaging instructional design and video that address the most common hazardous situations faced in a variety of environments.

Overview

- Powerful 3D animations & models
- Assessments & in-course tests
- 500+ courses
- Timely regulatory updates
- Courses available in as many as 15 languages*

JUST ADDED

- Working at Heights
- Fire Safety
- Recordkeeping & Reporting
- Incident Prevention
- Incident Investigations

Essential Training Topics

Employees can learn to recognize and prevent at-risk conditions or behavior before they lead to an incident, and managers can track course completion progress to ensure safety awareness is continuously improving.

- Active Shooter
- Bloodborne Pathogens
- Chemical Safety
- Confined Space
- OSHA 10 Hour
- Crane / Forklift
- Driving Safety
- Electrical Safety
- Environment & Hazardous Materials
- Personal Protective Equipment
- Process Safety Management (PSM)
- Restaurant & Hospitality Safety & Compliance

Courses offered by RedVector have been reviewed to meet technical requirements of the BCSP:

BCSP | Board of Certified Safety Professionals

* Available as an add-on library

RedVector's Health, Safety & Environment Premium Library

- DOT General Awareness Training For Handling And Transporting Hazardous
- 2015 International Fire Code Essentials – General Safety Precautions
- 2015 International Fire Code Essentials – Hazardous Materials
- 2015 International Fire Code Essentials – Site and Building Services
- 2015 International Fire Code Essentials – Special Processes and Building Uses
- 2015 International Fire Code® Essentials – Fire/Life Safety Systems and Features
- 2015 International Fire Code®: Significant Changes
- NFPA 70E® - 2018 Updates
- Aboveground Storage Tank Requirements (AST)
- Active Shooter and Other Acts of Targeted Violence
- Active Shooter: Helping Prevent Tragedy - Hospitality
- Aerial Boom Lift Platform Safety
- Aerial Work Platform Safety
- Air-Purifying Respirators
- Air-Supplying Respirators
- Alert Driving
- American Chemistry Council's Responsible Care Program
- Ammonia Safety
- Anhydrous Ammonia Awareness
- Arc Flash Hazard Analysis
- Arc Flash Safety
- Asbestos Awareness
- Asbestos Awareness in General Industry
- Asbestos Management
- Asbestos: What Is It and Who Should Remove It?
- Assessing Occupational Exposure
- Automotive Turn Signal & Hazard Flashers - Federal Requirements
- Back Injury Prevention
- Back Injury Prevention for Retail Stores
- Back Safety
- Back Safety: Protection and Treatment Basics
- Baler Safety
- Basic Electrical Safety
- Bed Bugs: Facts And Prevention
- Behavior-Based Safety
- Benzene: Safe Handling & Storage
- Bioremediation Tactics
- Blocking and Cribbing for Heavy Equipment
- Bloodborne Pathogens
- Bloodborne Pathogens
- Bloodborne Pathogens for Custodians
- Bloodborne Pathogens for Hospitality
- Bloodborne Pathogens for Schools
- Bloodborne Pathogens for the Hospitality Industry
- Bloodborne Pathogens in First Response Environments
- Bloodborne Pathogens in Healthcare Facilities
- Boom Truck - Bucket Truck Safety
- Box Cutter Safety
- Breakthrough Safety Leadership for Hospitality
- Bus Persons Dishwashers and Janitor Safety (Hospitality)
- Carbon Monoxide: The Facts – Hospitality
- Chains Cranes Slings & Hoists
- Chainsaw Accidents - The Consequences
- Chainsaw Safety
- Chemical Unloading Basics
- Chlorine Dioxide Awareness
- Clean And Safe: Restrooms
- Clean Water Act Section 404 Permits
- Cold Stress
- Cold Stress – Working Safely in Cold Weather
- Combustible Dust - Things That Go Boom
- Combustible Dusts
- Commercial Explosives Safety
- Commercial Kitchen Fire Prevention
- Compressed Gas Cylinder Safety
- Confined Space Entry - Permit Required
- Confined Space Entry Awareness
- Confined Spaces in Construction
- Construction Site Stormwater Runoff Control
- Convenience Store Safety
- Conveyor Safety
- Corrosion Control: Transportation of Natural and Other Gases by Pipeline
- CPR Academic
- Crane and Hoist Rigging Safety
- Crane Hand Signals
- Crane Safety
- Crane Safety
- Crane Safety - The New Regulation
- Crane Signal Person Basic Training
- Crystalline Silica Awareness
- Crystalline Silica: Understanding the Hazards
- Developing an Employee Safety Training Program
- Developing an Office Safety Mindset
- Developing and Implementing an EPA RMP
- Dishwashers: Safe Work Practices
- DOT Drug and Alcohol Testing
- DOT ERG Introduction
- DOT Hazardous Materials Safety
- DOT HAZMAT Safety
- DOT Hazmat Security Awareness
- DOT In Depth Hazmat Security Training
- DOT Reasonable Suspicion Supervisor Training - Alcohol
- DOT Reasonable Suspicion Supervisor Training - Drugs
- DOT Safety Training For Handling And Transporting Hazardous Materials
- Driving Hazard Recognition
- Driving Large Vehicles and Heavy Equipment
- Driving Preparation
- Driving Safety
- EHS Regulatory Overview
- Electric Shock
- Electrical and Arc Flash Hazards
- Electrical General Requirements
- Electrical Safety
- Electrical Safety for Qualified Employees
- Electrical Safety for Unqualified Employees
- Electrical Safety General Awareness
- Electrical Wiring Methods
- Emergency Action Plans
- Emergency First Aid
- Emergency Management Guide
- Emergency Planning
- Emergency Plans and Response Training for Gas Pipelines
- Emergency Preparedness & Response
- Emission Controls
- Environmental Risks in Construction
- Environmental Safety
- Equipment Hazard Basics
- Ergonomics Economics
- Ergonomics for Industrial Environments
- Ergonomics for Office Environments
- Escape Respirators and SCSRs
- Ethylene Oxide Safety
- Evacuation Procedures
- Excavation Safety and Shoring/OSHA
- Exit Routes, Emergency Action Plans & Fire Prevention Plans
- Explosive and Flammable Chemicals
- Eye and Face Protection
- Fall Prevention and Protection
- Fire Alarm Essentials
- Fire and Smoke Dampers Simplified
- Fire Extinguisher Safety
- Fire Prevention in Healthcare
- Fire Safety
- Fire Safety
- Fire! Designing Means of Escape
- First Aid - Alcohol and Drug Overdose
- First Aid - Animal and Human Bites and Scratches
- First Aid - Automated External Defibrillator (AED)
- First Aid - Bleeding Emergencies
- First Aid - Breathing Emergencies
- First Aid - Broken Bones and Dislocations
- First Aid - Burns
- First Aid - Cardiopulmonary Resuscitation (CPR)
- First Aid - Dehydration
- First Aid - Diabetic Emergencies
- First Aid - Eye Injuries
- First Aid - Fire Ant Bites and Stings
- First Aid - Flying Insect Stings
- First Aid - Head Injuries and Concussions
- First Aid - Head, Neck, Back, and Spine Injuries
- First Aid - Heart Attacks and Cardiac Arrest
- First Aid - Initial Steps
- First Aid - Poisoning
- First Aid - Scorpion Stings
- First Aid - Seizures
- First Aid - Shock
- First Aid - Snake Bites
- First Aid - Spider Bites
- First Aid - Sprains and Strains
- First Aid - Stroke
- First Aid - Tick Bites
- First Aid - Unconsciousness
- First Responder Operations Level Refresher
- Flammable and Combustible Liquids
- Flammable and Combustible Liquids
- Fleet Program Adjusting to Changing Conditions
- Floor and Walkway Safety and Auditing
- Forklift Safety
- Forklifts - Reducing Product Damage
- Formaldehyde Awareness
- Fuel and Combustion Systems Safety - Business Contingency Planning
- Fuel and Combustion Systems Safety - Combustion Basics
- Fuel and Combustion Systems Safety - Controlling Combustion Risks: Equipment
- Fuel and Combustion Systems Safety - Controlling Combustion Risks: People
- Fuel and Combustion Systems Safety - Controlling Combustion Risks: Policies
- Fuel and Combustion Systems Safety - Gas Piping Repairs and Cleaning
- Fuel and Combustion Systems Safety - Gas Supply System Issues

RedVector's Health, Safety & Environment Premium Library

- Fuel and Combustion Systems Safety - Global Perspective on Fuel and Combustion System Risks
- Fuel and Combustion Systems Safety - Natural Gas Piping Basics
- Fuel and Combustion Systems Safety - Understanding Boilers and Their Special Risks
- Fuel and Combustion Systems Safety - What You Don't Know Can Kill You!
- Gas Pipelines - Public Awareness
- General Electrical Hazard Awareness and NFPA 70E® 2018
- General First Aid, Part I
- General First Aid, Part II
- General Industry - Trenching and Excavation
- General Industry Safety - Aerial Lifts
- General Industry Safety - Confined Spaces
- General Industry Safety - Fall Protection
- General Industry Safety - Hazard Communication
- General Industry Safety - Hearing Conservation
- General Industry Safety - Personal Protective Equipment
- General Safe Work Practices In Hospitality
- Globally Harmonized System for Hazard Communications - Hospitality
- Globally Harmonized System Overview
- Good Housekeeping: Everyone's Responsibility
- Good Housekeeping: Keeping Your Workplace Safe
- Hand & Power Tool Safety
- Hand and Power Tools
- Hand Safety
- Hand Safety
- Hand Washing and Hygiene
- Hazard Communication GHS
- Hazard Communication in Healthcare Facilities
- Hazard Communication in the Hospitality Industry
- Hazard Communications for Restaurants
- Hazardous Material Classifications
- Hazardous Material Labeling
- Hazardous Material Labels
- Hazardous Material Storage
- Hazardous Waste Essentials
- Hazardous Waste: Treatment
- Hazmat Transportation Safety Awareness
- HAZWOPER 8 Hour Refresher
- HAZWOPER 8 Hour Refresher with ID Card
- HAZWOPER: Awareness
- HAZWOPER: Operations
- Health Effects Caused by Mold
- Hearing Conservation
- Heat Safety Awareness
- Heat Stress Causes
- Heat Stress Symptoms and Prevention
- Heavy Equipment Safety Introduction
- Heavy Equipment Visibility
- Hexavalent Chromium
- HIPAA
- HIPAA Rules and Compliance
- Hospitality Security: The Basics
- Hot Work Permit
- Hot Work Safety
- Hotel Security: Handling Modern Threats
- Hydraulic Fluid Safety
- Hydrogen Sulfide Awareness
- Hydrogen Sulfide Safety
- IICRC 7 Hour Mold Remediation Program #1
- Incident Investigation
- Incident Reporting and Investigation
- Industrial Hygiene Basics
- Injury Prevention in Restaurants and Food Service
- Ionizing Radiation
- Irritants, Corrosives and Sensitizers
- Janitorial Safety
- Job Hazard Analysis
- Job Hazard Analysis (JHA) Safety Task Review
- Job Safety Analysis
- Killer Bees Wasps And Spiders
- Kitchen Safety
- Laboratory Safety:
 - Electrical Safety in the Laboratory
 - Flammables & Explosives in the Laboratory
 - GHS Safety Data Sheets in the Laboratory
 - Handling Compressed Gas Cylinders in the Laboratory
 - Laboratory Ergonomics
 - Laboratory Hoods
 - Orientation to Laboratory Safety
 - OSHA Formaldehyde Standard
 - Planning for Laboratory Emergencies
 - Preventing Contamination in the Laboratory
 - Safe Handling of Laboratory Glassware
 - Safety Showers & Eye Washes in the Laboratory
- Ladder Safety
- Ladder Safety
- Laser Safety
- Lead Awareness
- Lead Safety
- Lead Safety Awareness
- Lead Safety in Construction: Keeping You Safe and Compliant
- Lead-Based Paint Safety
- Legionella Prevention and Control
- Line Breaking Safety
- Load Securement
- Lockout Tagout (Hospitality Industry)
- Lockout Tagout for Affected Employees
- Lockout Tagout for Authorized Employees
- Lockout/Tagout
- Machine Guarding
- Machine Guarding
- Maintenance Safety
- Manager on Duty for Hospitality
- Material Handling: Tank Trucks
- Materials'
- Mechanical Power Press Safety
- Medical Waste Stream: Identification and Handling
- Metal on Metal Safety
- Mold Awareness and Prevention
- Mold Remediation
- Mold Safety and Health
- More Than Mold - Health Effects Associated With Mold and Water Damage
- Mounting and Dismounting Heavy Equipment
- Near Miss Best Practices
- New Employee Safety Orientation
- NFPA 70E - 2018 Updates
- NFPA 70E Introduction
- Night Shift Safety
- Nitrogen Safety Awareness
- Norovirus: Facts & Prevention
- NPDES Wastewater Discharge Permits
- Occupational Safety Training: Bloodborne Pathogens
- Occupational Safety Training: Electrical Safety
- Occupational Safety Training: Emergency Action Plans
- Occupational Safety Training: Ergonomics in the Workplace
- Occupational Safety Training: Fall Protection
- Occupational Safety Training: Fire Safety and Prevention
- Occupational Safety Training: Flammable and Combustible Liquids
- Occupational Safety Training: Hazard Communication
- Occupational Safety Training: Hazardous Materials
- Occupational Safety Training: Introduction to Industrial Hygiene
- Occupational Safety Training: Introduction to OSHA
- Occupational Safety Training: Lockout/Tagout
- Occupational Safety Training: Machine Guarding
- Occupational Safety Training: Personal Protective Equipment
- Occupational Safety Training: Respiratory Protection
- Occupational Safety Training: Safety and Health Programs
- Occupational Safety Training: Slips, Trips, and Falls
- Occupational Safety Training: Walking and Working Surfaces
- Oil Spill Responses in Facilities
- Operating an AED
- OSHA 10 Hour Construction Program
- OSHA Concrete and Masonry Construction
- OSHA Demolition
- OSHA Electrical General Requirements
- OSHA Electrical Regulations
- OSHA Electrical Wiring Methods
- OSHA Fatal Accidents & Prevention
- OSHA Fire Protection & Prevention
- OSHA Pressure Vessel Chemical Cracking
- OSHA Recordkeeping
- OSHA Recordkeeping: General Recording Criteria
- OSHA Safety: Drilling
- OSHA Safety: Introduction to Powered Industrial Trucks
- OSHA Safety: Stairways and Ladders
- OSHA Signs, Signals & Barricades
- OSHA Standards on Steel Erection
- OSHA Standards: Bloodborne Pathogens
- OSHA Tools - Hand and Power
- OSHA Underground Construction
- OSHA Welding and Cutting
- Overhead Crane Basics
- Overhead Crane Operational Safety
- Pallet Jack Safety
- Pandemic Flu: The Facts
- Pedestrian Safety
- Personal Protective Equipment
- Personal Protective Equipment
- Personal Protective Equipment For Mold Remediation Contractors and Consultants
- Personal Protective Equipment Selection and Proper Usage
- Pneumatic Tool Safety
- Pollution Prevention Best Practices
- Portable Loading Ramps
- Powered Industrial Trucks
- Pressure Washing Best Management Practices
- Preventing and Investigating Accidents
- Preventing Burn Injuries - Restaurants & Food Service
- Preventing Slips & Falls for Restaurants
- Preventing Slips, Trips, & Falls for Retail Stores
- Preventing The Spread Of Contagious Illness
