

About Tax Credit Co.

The Work Opportunity Tax Credit may seem simple on the surface. Maximizing value while minimizing disruption to the enterprise, however, is not easy. The people at Tax Credit Co. know what it takes to make a WOTC program successful and they deliver that success one client at a time. That's why over hundreds of companies have made the switch to TCC.

Service

TCC provides a dedicated service team that is organized, responsive and accountable. Third-party integrations and client implementations are completed quickly.

Performance

TCC brings a technical problem-solving approach and an ownership mentality to unlock value. Program performance management is comprehensive and rigorous.

Technology

TCC's advanced WOTC technology platform provides unmatched flexibility to help deliver fast integrations, a configurable candidate experience (including mobile), as well as real-time alerts and reporting. TCC is pre-integrated with major Application Tracking Systems and HCM suites.
