

**Sara Castro**

HR Lead, Cornerstone Staffing Solutions

*“ I have spoken to several of our offices and they all had great things to say about Truework and the whole process. Personally, I have noticed a decrease in call backs regarding VOE when I have provided them with the Truework website. That in itself, is a huge timesaver for me.*

*I really appreciate you guys being available to assist at any time. ”*

# Automated employment verifications.

## Get your time back

**Self-service employment letters**  
Employees will be able to generate an employment letter instantaneously on any device

**Decrease verification turnaround time**  
on average, employee information is verified in under 1-hour on Truework

**Save time**  
Free your HR team so they can focus on the important tasks at hand

**Put your employees first**  
Sensitive information is only shared after explicit approval from the employee

## How it works

- 1 Verifier requests employment and income information from Truework.
- 2 Truework sends employment and income information release request to the employee.
- 3 Truework provides the verifier with employment/income information, after confirmation from the employee.

## Trusted by modern employers
