

Name: _____ Date: _____

DECIMAL SNAP!

What you need:

Players: 4 to 5

Materials: Decimal cards, Fraction cards

What to do:

- 1 Put all the decimal cards face up on a table.
- 2 Shuffle the fraction cards and place the deck face down on the table. Then, turn over the top card.
- 3 Check to see if the fraction on the card is equivalent to any of the decimals on the cards on the table.
- 4 The fastest player to find a match will say, 'Decimal snap!' and collects the two cards.
- 5 The other players check the answer. If the answer is wrong, the fraction card is put at the bottom of the card deck, and the decimal card is returned to the table.
- 6 Turn over the next fraction card and continue the game. Play until no more matches can be found.

Who's the winner?

The player who collects the most matching cards wins!

3.072	1.315	2.855
0.416	5.375	1.368
0.075	4.496	0.675
1.024	3.128	3.016
2.625	4.956	6.825
