

ADD MENTALLY!

What you need:

Players: 2 to 5

Materials: Cards with numbers from 35 to 55

What to do:

Arrange the cards face down on the table.

- 1 Player 1 says a number from 11 to 44.
He or she then picks a card.
- 2 Player 1 adds the number on the card to his or her number mentally and tells the other players the answer.
- 3 The other players check the answer.
Player 1 gets 1 point if the answer is correct.
- 4 He or she returns the card to the table and mixes the cards up.
Players take turns to play three rounds each.

Who is the winner?

The player with the most points wins.

35	36	37
38	39	40
41	42	43
44	45	46

47	48	49
50	51	52
53	54	55
