

# Interface®

**Exclusive screening of 2040 film online with Interface and GBCA.**

## Event information

It is time to kick back and relax in the comfort of your own home as we bring the highly anticipated 2040 film to your living room or home office.

### 1. How to connect your computer to the TV

This is a family friendly movie and we encourage you to watch it with your love ones.

Here are our top tips for connecting the content to your TV screen:

#### - HDMI Cable

How do I connect my laptop to the TV with HDMI:

1. Power on your laptop and TV (both with HDMI port) and prepare an HDMI cable.
2. Plug the HDMI cable into both your laptop's and TV's HDMI ports.
3. Press INPUT or SOURCE button on your TV remote. Then use the Arrow icon to choose the relevant HDMI port on your TV screen.
4. Tada! You should now see the same screen as your laptop.

#### - Google Chromecast

1. Make sure your Chromecast is connected.
2. Open the streaming link in Google Chrome web browser.
3. At the top right of your browser, click on the three dots and choose 'Cast'.
4. Choose the Chromecast device where you want to watch the content.
5. When you're done, to the right of the address bar, click Cast 'Stop casting.'
6. If you need more support, [click here](#).

Make sure you select your preferred audio option.
