

How to Search Availability

Once you select a location, there are several ways to search available booking dates. The “Find First Available Date” button will be available under the location name (if the agency offers this feature), “Select Dates” on the right side of the page (desktop), or “Book a Campsite” at the bottom of the page (mobile). Your dates can further be defined by your specific arrival and departure dates, or flexibility on arrival for 2 or 4 weeks from desired date.

The screenshot displays the Reserve America website interface for Mustang Island State Park, Texas. The main navigation bar includes the Reserve America logo, a search bar with the placeholder text "Where do you want to explore?", and utility links for "Help Center", "Get Campground Software", "Apex Club", "RV Rental", "Discover", and "Sign In". The hero section features a large image of children playing at the beach with the text "Mustang Island State Park, TX" and "Texas Parks and Wildlife". A green "FIND A CAMPSITE" button is overlaid on the image.

The main content area shows the breadcrumb "Home > Mustang Island State Park > Campsites" and the title "Mustang Island State Park, Texas - Campsites, Cabins & Lodging". A red box highlights the "Find Available Dates" button. Below this are "Add to Favorites" and "Facility Details" sections. The "Facility Offers (viewing campsites)" section is currently empty. The "SEASON DATES" section indicates the current status is "Open year round".

The "Campground Map" section offers "List" and "Calendar" views. A message states: "We were unable to find any available sites matching the entered dates and criteria. Create Availability Notification. Get an email alert when there is availability." Below this are filters for "ALL 0", "Campsite Electric 0", and "Campsite Primitive 0".

A "SELECT DATES" panel is highlighted with a red box, showing a date range from "05-01-2021" to "05-02-2021". It includes "FLEXIBILITY" options for "Not Flexible", "2 Weeks", and "4 Weeks", and a "SITE TYPE" dropdown menu set to "Any Type of Site". A "Reset Filters" link and a "Check Availability" button are also present. A "FACILITY & VISITOR PHOTOS" section shows a small image of a campsite and a "Live Chat" button in the bottom right corner.
