

How to Filter Search Results

To narrow down the search options, select “Filters” on the top of the search results section. You can drill down the results by arrival and departure dates; interests including campgrounds, day use, and tours; as well as facility type.

The screenshot displays the Reserve America search results interface. At the top, the search bar contains "GOLDEN HILL STATE PARK, NY". The navigation bar includes links for "Apex Club", "RV Rental", "Discover", and "Sign In". A filter sidebar is open on the left, showing options for "INTEREST IN" (Everything, Campgrounds, Day use, Tours) and "FACILITY TYPE" (Any Type, Federal, State, Regional, County, Private). A "Reset Filters" link and an "Apply Filters" button are also visible. The main area features a map of the Buffalo, NY region with several location pins. Below the map, the results list shows "GOLDEN HILL STATE PARK, NY OPRHP" with a "Find First Available Date" link, and "Medina / Wildwood Lake KOA, NY" which is 6.07 miles away. A "Live Chat" button is located in the bottom right corner of the map area.
