

Find First Availability Notification

If the location of interest is not available during the time period selected, some locations offer a Create Availability Notification. Select the link to be informed when the site becomes available.

The screenshot displays the Reserve America website interface for Golden Hill State Park, NY. The page features a search bar at the top with the text "GOLDEN HILL STATE PARK, NY". Below the search bar, there is a large banner image of a family camping by a lake. The main content area is titled "Golden Hill State Park, New York - Camping & Reservations". A red box highlights the "Find First Available Date" button, which is located next to the "Add to Favorites" button. The "FACILITY OFFERINGS" section shows a button for "Book a Site or a Day Use Site". The right sidebar contains filters for "SELECT DATES", "FLEXIBILITY" (Not Flexible, 2 Weeks, 4 Weeks), and "SITE TYPE" (Any Type of Site). A "Check Availability" button is prominently displayed. At the bottom right, there are buttons for "SMS", "Feedback", and a search icon.
