8th November 2014	3:00 pm to 5:00 pm	Bangalore	Fortune Select (Grand Galaxy Hall), Fortune Select JP Cosmos, Cunningham Crescent Road, Behind Sigma Mall, Bengaluru-560 052	On Cloud Red	Choosing how to build an open hybrid cloud is perhaps the most strategic decision IT leaders will make this decade. It's a choice that will determine their organization's competitiveness, flexibility, and IT economics for the next ten years. That's because, done right, a cloud delivers strategic advantages to the business by redirecting resources from lights-on to innovation. But only an open hybrid cloud delivers on the full strategic business value and promise of cloud computing. Attend the "On Cloud Red" Workshop and understand from us how you can build your skills on relevant technology from Red Hat through Red Training & Certification.	http://goo.gl/hhOqDM
