

Integrated eProcurement Solutions from Roche

# SEARCH. SELECT. SUBMIT.

## The quality you need from the name you know

When you integrate the Roche Punch-out Catalog into your ordering system, you gain unlimited access to the full array of products and product attributes from the Roche Diagnostics database. Our pre-approved catalog streamlines the purchasing process to ensure you get the quality products you need, when they're needed most.

## A simple solution that saves

- ✓ **TIME**—Eliminate the need for continual Item Master file maintenance
- ✓ **MONEY**—Contract-compliant pricing and access to exclusive offers
- ✓ **RESOURCES**—Reduced need for IT support through assisted system integration

## We understand that convenience can't get in the way of compliance

The Roche Punch-out Catalog is fully UDI compliant, allows for simple transmission of GTIN codes, and removes the need to navigate through different pages.
